The door specialists

entrance door evolution

The beginning

TEHNI founded in Xanthi, in **1988** by **Aristides Pantelos**, father of current C.E.O., **Mr Pantelis Pantelos**.

With steady growth, manages to expand its activities by constructing owned facilities, a total area of **24,000 sq.m.** which today, manufactures aluminum and PVC doors and panels and mosquito nets.

The evolution

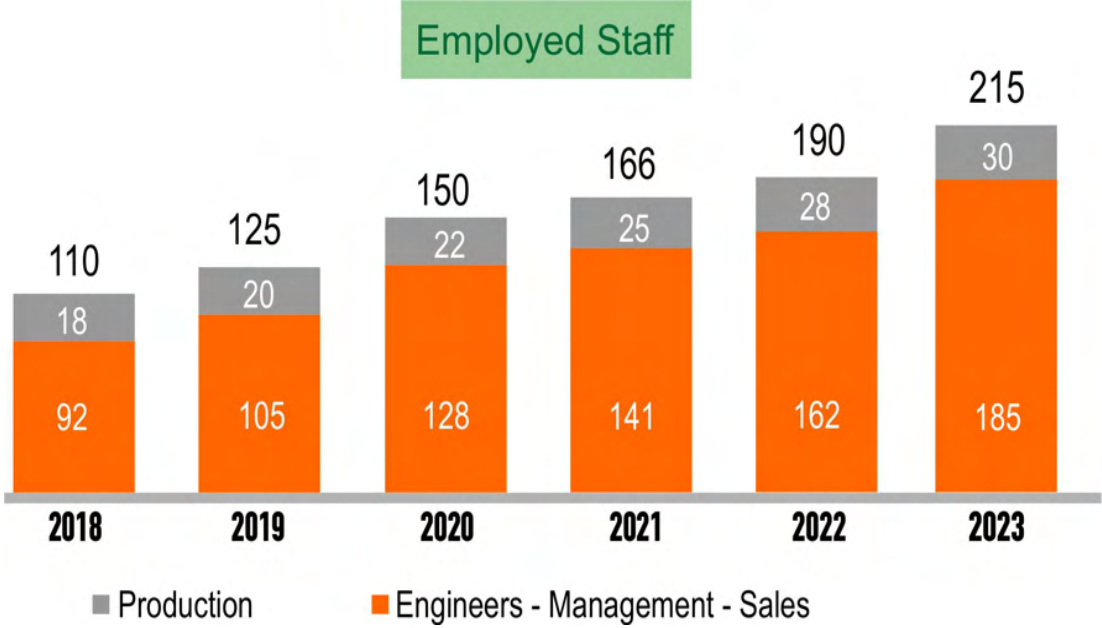

TEHNI SA through a program of continued investment in recent years has managed to establish itself in the Greek market as a leading and rapidly expanding company in the aluminum industry .

Today owns a branch in Thessaloniki, representation in Athens and a sales network covering all Greek area, islands and mainland.

It's production facilities cover 24.000 s.m in Xanthi's plant and 2.000 s.m. Warehouse in **Thessaloniki & Athens** Branch.

Alongside the last decade , expanded into foreign markets , exporting its products to more than **30 countries** .

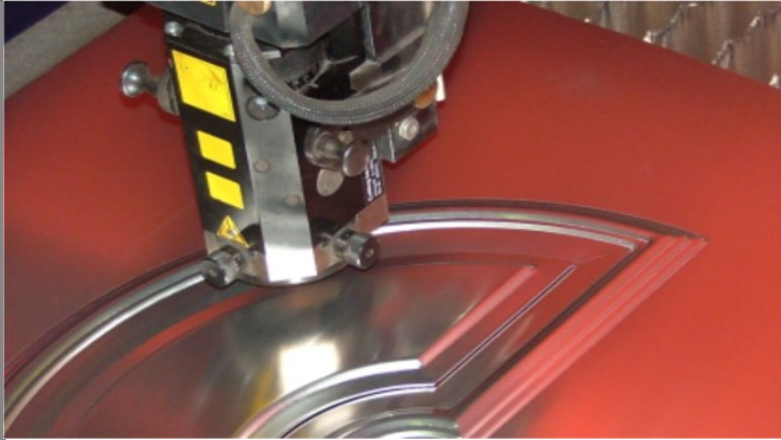

The people

People are TEHNI, TEHNI is people. We talk about ourselves sometimes as a company, but actually, if you think away of all the buildings and the furniture, what's left are the employees.

Employees interacting with each other, employees trying to build a dream that they have, with TEHNI

The equipment

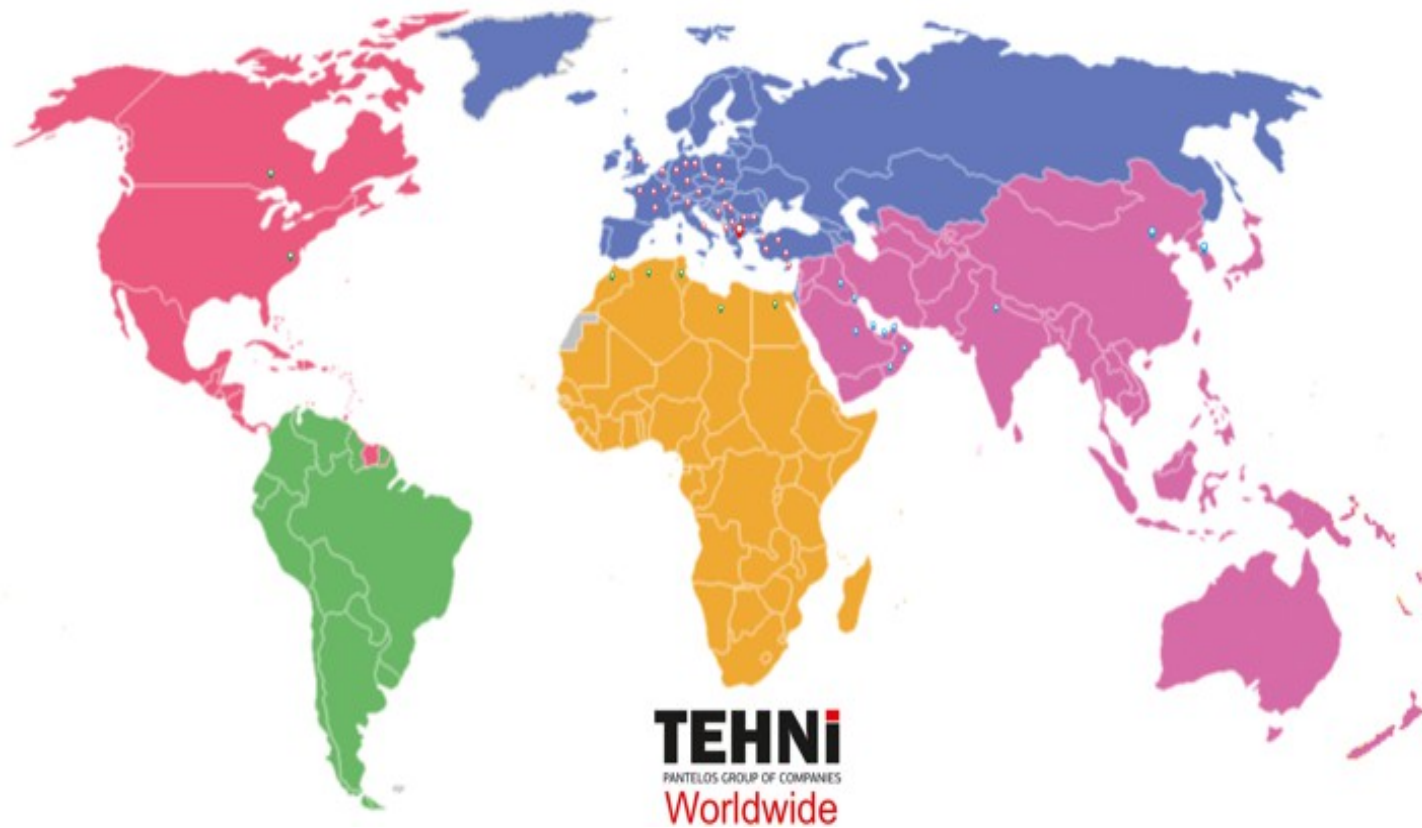

Metal Processing: **Two** Laser metal cutting machines, **three** electronic CNC

Glass Processing: **Robotic** glass cutting machine, **three** glass washing units, **sandblast** machine

Paint Processing: **Two** double powder coating units and one, **Decoral** System, wood imitation unit.

Profiles Processing: **Three** machining stations, **Two** of them with CNC
